

IFSP Outcome Quality Checklist

Outcome #: _____

Child NSSRS: _____ Connect #: _____ IFSP Date: _____ PRT #: _____ Rater: _____ Date Completed: _____

Child Outcomes – Does the Outcome:	Yes (+)	No (-)	Comments
1. Emphasize child participation in a routine(s) ? (Child will participate in <i>outside time</i> by.... NOT child will participate in <i>running</i> ; or child will participate in <i>breakfast and snack time</i> by.... NOT during eating and drinking times).			
2. Include an observable indicator of what the child will do that is necessary, clearly connected, and/or useful in participating in the above routine(s)? Routine(s) must be identified in #1 to score a +? (Child will <i>hold spoon for 4 bites</i> NOT grasps spoon; or child will <i>use word or sign to let family know</i> NOT child will <i>not scream</i> ; or child will <i>sit by self</i> and <i>play with a car by rolling it on the floor</i> at playtime... NOT child will <i>sit</i> at playtime.)			
3. Include a reasonable time frame for completion, with criteria that are clearly linked to the outcome? (Child will hold spoon for 4 bites at lunch <i>each day for 1 week</i> ... NOT 3 of 4 trials; or child will use 2 words together at playtime <i>on the weekends for 2 weeks</i> NOT 1 day across 3 observed days/sessions)			
4. Describe priorities in words the family would use (i.e. jargon-free)?			
5. Link to the family priorities as listed on page 2 of the IFSP?			
Family Outcomes – Does the Outcome:	Yes (+)	No (-)	Comments
1. State specifically what the family will do (an action verb with the family as the actor) based on a family priority listed on page 2 of the IFSP, i.e. reflecting a family need or interest. (Sally will <i>explore childcare options</i> NOT have knowledge of medical, financial, and developmental services; or Kandis will use a behavior plan... NOT family will have a plan to manage child's behavior.			
2. Include an indicator of when or how the family will know the goal is met? (find childcare <i>by June 15</i> or <i>by the end of the month</i>)			
3. Written in words the family would use? (i.e. jargon-free.... NOT family will utilize resources in their community. (If it is difficult to determine whether the outcome is written in the "family's words", score as a "yes")).			

Please check one: _____ Child Outcome _____ Family Outcome **Raw Score for this outcome** (# correct items/total # of items) _____

Instructions for completion: Rate each IFSP outcome using a separate page. Begin by categorizing the outcome as either a **family** outcome in which the parent's name is specified as the focus; or as a **child** outcome in which the child's name designates the focus. Using the appropriate section, rate the outcome on each of the criteria listed. A (+) indicates the criterion is present, a (-) indicates it is missing. Use the comments section for feedback or next steps. Record the raw score for this item in the space provided. *(Adapted with permission from RA McWilliam Goal Functionality Scale III 2009)*
